

How to program the PLT

 : Press PLT's button

 : Release PLT's button

With the remote control :

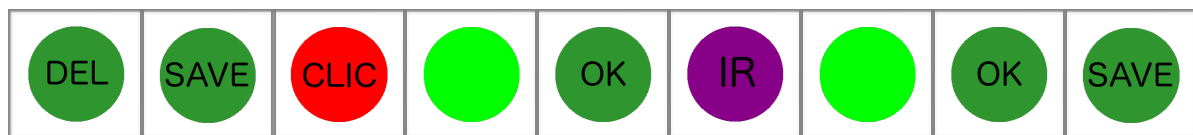

Mode Fast Light :

 :  ,  :  () (or the color you want)

  (Change green by the color you want)

OR

Mode Timer :

 1 second (in fact, 1.1 sec), then  1 second (1.1 sec), then 

How to program the PLT

Then OK with the remote control to start it.

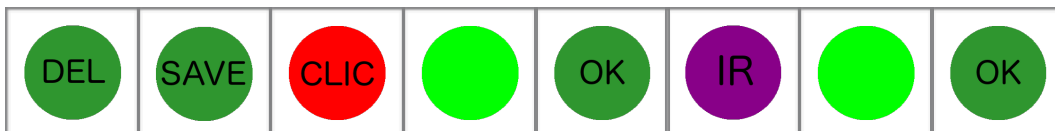

Mode Clic :

Mode Clic + IR

(first effect at the end of the video)

To send "OK" order (but you can insert it into another Clic sequence) :
